An awful lot of people criticize "ISLAMIC" influence in Canadian politics. And there is certainly reason to be worried. Creeping Sharia, prohibitions on criticizing Islam, and cultural practices that are incompatible with the West are being pushed. And there are of course, political movements to eventually take over.

However, what isn't really discussed is the ZIONIST influence in Canadian politics. It's there, and it's just as bad as the push for Islam. Difference is, it's more subtle, and the media is much more controlled on the subject.

A few things to point out.

This is a huge number of people being lobbied, and it doesn't included repeat attempts.

Party leaders such as Justin Trudeau (Liberal), Andrew Scheer (Conservative), Jagmeet Singh (NDP), and Elizabeth May (Green) have all been lobbied as well. So was Gilles Duceppe, former BQ head. This cuts across party lines. Also, it includes — from the previous administration — Stephen Harper, Nigel Wright, Stockwell Day, Jason Kenney, Vic Toews, John Baird and Chuck Strahl.

Tom Mulcair was lobbied when the NDP was official opposition.

Can we drop any pretense that there is nothing wrong with this? This Jewish/Israeli group is lobbying huge numbers of politicians and their staff. They are trying to influence major parts of our government and society.

It's all parties involved in this, and at all levels. No one's hands are clean. It is an outright sell out of our country by Zionist shills.

While this is not exhaustive, let's look at a few initiatives that the Center for Israel and Jewish Affairs has been up to

CIJA Is Anti-Free Speech

Legislative Proposal, Bill or Resolution

- CITIZENSHIP ACT (continued support for the power of the state under the current citizenship act to remove citizenship in cases involving war crimes, crimes against humanity, terrorism and extreme promotion of hate.)
- Criminal Code of Canada with respect to combating antisemitism.
- Parliamentary consultations and reviews about antisemitism; the establishment of a parliamentary enquiry
- Section 13 of the Canadian Human Rights Act with respect to combating antisemitism.
- Support for Bill C-277 (Palliative Care)
- Support for Bill C-305 (Hate Crimes)
- Support for Bill S-201 (Genetic Discrimination)

Weren't people up in arms when Iqra Khalid pushes M103 (the blasphemy motion) through Parliament? This is even worse. Instead of some "non-binding" motion, it would actually

criminalize what is considered hate speech.

Of course with this group, criticism of their BEHAVIOUR is often tagged as hate speech. So good luck getting that exception through.

CIJA Wants Media Regulation

Regulation

- Agriculture: Canadian Food Inspection Agency regulations regarding ritual slaughter (Chapter 12)
- Broadcasting: Discussions regarding the award of new broadcast licenses by the CRTC
- Conflict of Interests, Ethics, Lobbying, Canada Revenue Agency. Ensuring CIJA fully respects all its legal and regulatory obligations while advocating for the current framework to be more efficient and respectful of the needs, objectives and resources of cultural and religious communities.
- Dairy Board: tariff exemptions for kosher cheese products: To ensure that kosher cheese products not produced domestically be designated as tariff-exempt dairy products.
- Department of Citizenship and Immigration Act, related to the application of and the issuance of visas.
- PSC (Public Safety Canada) and Infrastructure Canada seeking program

The CRTC has recently made many recommendations, including forcing those in the media to get licenses. Understandably, the Minister, Steven Guilbeault, and the Federal

Government are taking a lot of flak over this.

But something is missing from the discussion. Who's behind it? Who's pushing to make it mandatory for people in the media to be licensed. From their own lobbying information, CIJA is advocating for exactly that.

CIJA Supports Animal Cruelty

Ritual slaughter without pre-slaughter stunning

Although the *Safe Food for Canadians Regulations* (SFCR) came into force on January 15, 2019, certain requirements are being phased in over the following 12 to 30 months. For more information, refer to the SFCR timelines.

Rationale

The restraint of the food animal, the ritual cut and the post-cut management, must all be done in a manner to prevent avoidable suffering to the food animal during ritual slaughter, without pre-slaughter stunning, since the time to reach unconsciousness without prior stunning can be variable between food animal species and even between individuals within a species. The outcome is for the food animal to achieve unconsciousness as rapidly as possible.

Do you support animal rights, as in the humane treatment of animals? Do you want animals killed for food to be treated without being tortured? Well, stop being a bigot. Kosher is something that CIJA is pushing.

Is it any different than halal food? Not really, but it's anti-Semitic to criticize it.

CIJA Wants Holocaust Memorial

Want to have something burned into your brain for you had absolutely no role in doing? Do you want to feel endless white guilt? Now you can. CIJA wants the Holocaust Memorial to be preserved and protected to constantly remind people that they are victims.

boycotts, divestment, Durban II Conference, Durban Review Conference, isolation of Israel, sanctions
Publication: Post-Holocaust and Anti-Semitism
From 20-24 April 2009, the Durban Review Conference took place in Geneva. It is also known as Durban II, a follow-up to the infamous "Durban I" World Conference against Racism, Racial Discrimination, Xenophobia and Related Intolerance in the late summer of 2001. At Durban I, an NGO Forum accepted what can be summed up as a declaration of war against Israel. Participating nongovernmental organizations adopted a strategy for the complete isolation of Israel through boycotts, divestment, and sanctions.
The Canadian Harper government was the first to announce in February 2008 that it

The U.S. Peace Plan

CIJA is pressuring Canada regarding the Durban II conference, which it views as an attack on Israel itself. That is more than a little hypocritical, considering Israel conducts DNA testing to prove Judaism, and it was upheld as legal by the courts.

CIJA Controls Our Government

There will certainly be followups to this article, but know this: CIJA is lobbying politicians in all parties on a variety of topics. Indeed, it is an attack on Canadian sovereignty.

But good luck getting conservatives, or "Conservative Inc." to address this assault on our country. They have little to no interest in addressing such matters.

historic animosities. With historically high birth rates among the Palestinians, and a possible influx of Palestinian refugees and their descendants now living around the world, Jews would quickly be a minority within a bi-national state, thus likely ending any semblance of equal representation and protections. In this situation, the Jewish population would be increasingly politically – and potentially physically – vulnerable.
It is unrealistic and unacceptable to expect the State of Israel to voluntarily subvert its own sovereign existence and nationalist identity and become a vulnerable minority within what was once its own territory.

Worth a look, as the ADL has the same double standard as CIJA when it comes to diversity and tolerance.
